

TABLET PRESS REPLACEMENT PARTS

NEXT-DAY
DELIVERY

HIGH QUALITY, AFFORDABLE PARTS READY TO SHIP TODAY

IN-STOCK AND CUSTOM PARTS FOR VIRTUALLY ALL PRESSES

Natoli stocks more than 300,000 tablet press replacement parts and turrets for virtually all press types that outlast, outperform and are less costly than original equipment manufacturers' (OEM) parts.

From die locks, cam tracks and turrets, to pressure rolls, feeder pans, feeder paddles and assemblies – we have the part you need, when you need it.

BETTER QUALITY. BETTER PRICES.

With more than 40 years of experience, we are able to provide quality parts at incredible prices. Our expertise allows us to critically analyze and improve OEM parts to uncover potential flaws and ultimately produce precision parts that outlast and outperform OEMS.

WHEN YOU NEED IT QUICKLY

We know how costly it can be to halt production while waiting on a part for your tablet press. That's why we offer next-day replacement parts for nearly every press on the market.

All replacement parts and turrets are manufactured in the U.S.A. and are available for international delivery. Don't wait weeks for a part when you can call Natoli and have it tomorrow!

Natoli has the parts you need in stock and ready to ship today, so your business is you back up and running quickly.

REPLACEMENT TURRETS

TURRETS & SERVICES FOR NEARLY EVERY MAKE & MODEL

OEM QUALITY
& AFFORDABLE
PRICES

All Natoli turrets meet or exceed material and dimensional OEM specifications.

TURRETS

Natoli manufactures and refurbishes turrets for nearly every make and model of tablet press. All Natoli turrets meet or exceed material and dimensional OEM specifications and are manufactured with hardened tool steel die tables to increase longevity and durability. Plus, our superior machining procedures ensure better alignment between punch guides and die pockets. Optional stainless steel die tables are also available.

STANDARD FEATURES

- Hardened steel die tables
- Keyed upper punch guides
- Lower punch retainer/brakes
- 3-piece die lock screw with stainless steel threaded ends

OPTIONS

- Hardened stainless steel die tables
- Keyed lower punch guides
